Week 5 – Powerful Influence

Serve | Outreach Week

Giving kids an opportunity to serve is a great way for them to understand that they can have a positive impact on those around them! This week, your Life Group should participate in Outreach Week! Make sure that you get your kids involved in whatever you choose to do!

You could even go the extra step and create a serving pod with your family. There are a lot of options, so spend some time praying and asking God which one you should choose.

Check out the Serving Playbook for more information!
